Memo No. -RD/O/MGNREGA/18S-08/19

Dated: 08.07.2019

To
The Principal Secretary, GTA
District Magistrate & District Program Coordinator, MGNREGA (all)
Additional Executive Officer, Siliguri Mahakuma Parishad

Sub: Mandatory capture of Latitude and Longitude data in NREGASoft for all MGNREGA works for GIS planning marked Gram Panchayats

Madam/ Sir,

As you are all aware that planning of schemes under MGNREGA using Geo-Spatial technologies has been introduced by MoRD. We have marked the Gram Panchayats in NREGASoft which will develop plans under MGNREGA using GIS technologies.

Report of such marked GPs are available in report R24.10.

For those GPs against which GIS planning Flag is marked, an option has been activated in NREGASoft in the works module under each work sector where Latitude and Longitude data entry for each scheme is mandatory and user has to select YES in the "Confirm Work is related to GIS plan" radio button. This has to be done for all the schemes proposed in the Annual Action Plan 2019-20 for all GIS based GPs.

All DM & DPCs are requested to issue specific directions to BDO's and P.O. to inform concerned Nirman Sahayak/GRS/STP, to download Notecam/Angel Cam software from Google play store to capture Latitude and Longitude data of each scheme.

Latitude and Longitude data must be captured fully (20.507393, 81.323142) not partially and has to be captured when GPS accuracy is within 10 meters. Capture of Latitude and Longitude data when GPS accuracy is above 10 meters is not permitted.

Scheme photo (two nos) must be captured with Notecam/Angel Cam software with photo size (1944 X 1944) max and to be kept with work file. The scheme photo to be uploaded in SECURE also.

The captured latitude and longitude data is to be entered in the first page of work details of each scheme in NREGASoft mandatorily.

Please treat the matter as urgent.

Encl : as stated

Yours faithfully

(Dibyendu Sarkar)
Secretary to the P&RD Department
& Commissioner MGNREGA
