Madam/Sir,

Ministry of Rural Development, Government of India has restructured the permissible works list under MGNREGA. Earlier the permissible works list had 157 types of works which is now extended to 260 types of works which can be implemented through MGNREGA. After analysing the restructured permissible work list State Government has decided out of the 260 permissible works, the works related to repair and maintenance is not permitted to be executed by the PIAs. The list of restructured permissible works is attached and is requested to circulate the list to all the PIAs under your jurisdiction.

Yours faithfully,

Dibyendu Sarkar
